

Meaningful Use Stage 2 Objectives

TSG ONC-ATC B certified solutions and products to support Meaningful Use Stage 2 Objectives are listed below:

TSG Systems Product Stage 2 Certification

Core Objectives		TSG EHR Suite							
		CPOE	Patient Portal	Interdisciplinary Clinical Documentation Portal (ICDP)	Physician/ Provider Portal	Galaxy	Galactica	ASTRO	MedRec
(1)	Computerized Physician Order Entry (CPOE) for Medication, Laboratory, and Radiology Orders	●							
(2)	Record Demographics		●						
(3)	Record Vital Signs			●					
(4)	Record Smoking Status			●					
(5)	Clinical Decision Support	●							
(6)	Patient Ability to Electronically View, Download and Transmit (VDT) Health Information		●						
(7)	Protect Electronic Health Information	●	●	●	●	●	●	●	●
(8)	Clinical Lab – Test Results				●				
(9)	Patients List					●			
(10)	Patient-Specific Education Resources	●	●	●					
(11)	Medication Reconciliation								●
(12)	Summary of Care		●		●		●	●	
(13)	Immunization Registries							●	
(14)	Electronic reportable laboratory results							●	
(15)	Syndromic Surveillance Data Submission							●	
(17)	Use Secure Electronic Messaging		○						

Menu Objectives		TSG EHR Suite							
		CPOE	Patient Portal	Interdisciplinary Clinical Documentation Portal (ICDP)	Physician/ Provider Portal	Galaxy	Galactica	ASTRO	MedRec
(1)	Advanced directives			●					
(2)	Electronic Notes				●				
(3)	Imaging Results				●				
(4)	Family Health History		●						
(5)	e-Prescribing (eRx)	●							●
(6)	Lab Results to Ambulatory Providers							●	

● = Certified

○ = Yet to be certified

TSG Systems Product	Meaningful Use Objectives Being Addressed	ONC-ATCB Certification Status
Clinical Measures 170.314(a)	Core Objective 1: Computerized provider order entry (CPOE) 170.314(a)(1) for medication, laboratory, and radiology orders	<input checked="" type="checkbox"/>
	Core Objective 2: Demographics 170.314(a)(3) Record the following demographics: preferred language, sex, race, ethnicity, date of birth for more than 80 percent of patients.	<input checked="" type="checkbox"/>
	Core Objective 3: Vital signs, BMI, growth charts 170.314(a)(4) Record and chart the changed in height, weight, blood pressure and BMI for more that 80 percent of patients	<input checked="" type="checkbox"/>
	Core Objective 4: Smoking status 170.314(a)(11) Record smoking status for patients 13 years old or older	<input checked="" type="checkbox"/>
	Core Objective 5: Clinical decision support 170.314(a)(8) Evidence-based decision support interventions.	<input checked="" type="checkbox"/>
	Core Objective 9: Patient Lists 170.314(a)(14) Generate lists of patients by specific conditions to use for quality	<input checked="" type="checkbox"/>

	<p>improvement, reduction of disparities research or outreach.</p> <hr/> <p>Core Objective 10: Patient-specific education resources 170.314(a)(15) Use CEHRT technology to identify and provide patient-specific educational resources and provide those resources to the patient if appropriate.</p> <hr/> <p>Menu set Objective 1 Advance directives 170.314(a)(17) Record advanced directives for more than 50% of patients 65 years or older</p> <hr/> <p>Menu set Objective 2 Electronic notes §170.314(a)(9) Providers are encouraged to electronically record progress notes to provide access to the most well rounded patient information available to support continuity of care across patient care settings.</p> <hr/> <p>Menu set Objective 3 Imaging §170.314(a)(12) . Electronically indicate to a user the availability of a patient’s images and any explanation or other accompanying information (relating to the radiographic or other diagnostic test(s)).</p> <hr/> <p>Menu set Objective 1 Family health history §170.314(a)(13) Record patient family health history as structured data.</p>	<input checked="" type="checkbox"/> <input checked="" type="checkbox"/> <input checked="" type="checkbox"/> <input checked="" type="checkbox"/>
<p>Care Coordination 170.314(b)</p>	<p>Core Objective 11 Clinical information reconciliation (CIR) 170.314(b)(4) The eligible hospital or CAH who transitions their patient to another setting of care or provider of care or refers their patient to another provider of care should provide summary of care record for each transition of care or referral</p> <hr/> <p>Core Objective 12 Exchange Clinical Info & Summary Record/Electronic copy of health information Capability to exchange clinical information (discharge summary, procedures, problem list, medication list, medication allergies, and diagnostic test results) among disparate health care information systems in industry standard.</p> <hr/> <p>Core Objective 8 Incorporate laboratory tests & values/results 170.314(b)(5) Receive results. Electronically receive clinical laboratory test results in a structured format and display such results in human readable format.</p> <hr/> <p>Menu Set Objective 6 Transmission of electronic laboratory tests & values/results to ambulatory providers 170.314(b)(6) Hospital labs send structured electronic clinical lab results to the ordering provider for more than 20% of electronic lab orders received.</p> <hr/> <p>Menu Objective 5 Electronic prescribing (eRx) §170.314(a)(13) Drug-drug & drug-allergy interaction checks Generate and transmit permissible discharge prescriptions electronically (eRx)</p>	<input checked="" type="checkbox"/> <input checked="" type="checkbox"/> <input checked="" type="checkbox"/> <input checked="" type="checkbox"/> <input checked="" type="checkbox"/>

<p>Privacy and Security 170.314(d)</p>	<p>Core Objective 7 Authentication, access control, & authorization Audit reports Amendments Automatic log-off Emergency access Encryption when exchanging electronic health information Integrity Accounting of disclosures</p> <p>Protect electronic health information created or maintained by the Certified EHR Technology through the implementation of appropriate technical capabilities</p> <p>TSG EHR Suite is certified for these modules under Security criterion 170.314(d)(4) 170.314(d)(2) 170.314(d)(3) 170.314(d)(7) 170.314(d)(1) 170.314(d)(5) 170.314(d)(6) 170.314(d)(8) 170.314(d)(9) 170.210e(1) 170.210e(2) 170.210e(3) 170.210(a)(1) 170.210(a) 170.210(d)</p>	<p><input checked="" type="checkbox"/></p>
<p>Patient Engagement 170.314(e)</p>	<p>Core Objective 6 Electronic copy of health information - View, download, transmit to 3rd party 170.314(e)(1) Provide patients the ability to view online, download, and transmit their health information, upon request.</p> <p>Clinical summaries Provide clinical summaries for patient for each office visit</p> <p>Secure messaging Use secure electronic messaging to communicate with patients on relevant health information</p>	<p><input checked="" type="checkbox"/></p>
<p>Public Health Interfaces 170.314(f)</p>	<p>Core Objectives 13 Immunization information §170.314(f)(1) Transmission to immunization registries §170.314(f)(2) Submit immunization information to immunization registries except where prohibited according to the law and practice.</p> <p>-----</p> <p>Core Objectives 14 Reportable lab results & values/results §170.314(f)(4) Incorporate clinical lab test results into CEHRT as structured data.</p> <p>-----</p> <p>Core Objectives 15 Public health surveillance §170.314(f)(3) Capability to submit electronic syndromic surveillance data to public health agencies except where prohibited and in accordance with applicable law and practice</p>	<p><input checked="" type="checkbox"/></p> <p><input checked="" type="checkbox"/></p> <p><input checked="" type="checkbox"/></p>
