FOR IMMEDIATE RELEASE

September 16, 2015

THE SHAMS GROUP TO EXHIBIT AT HEALTHACHIEVE CONFERENCE, NOVEMBER 2-4, 2015

Dallas, TX – The Shams Group (TSG), a market leader in healthcare IT, has announced that the company will exhibit at the HealthAchieve Conference, November 2-4, 2015, located at the Metro Toronto Convention Centre, Toronto, ON. The Shams Group is a provider of intelligent, integrated, and interoperable browser-based hospital software and services for Electronic Health Record, Business Intelligence, Revenue Cycle, HIM Transformation and several other web-based portal applications that improve the workflow for hospital staff.

TSG representatives will highlight how the company leverages its web-based information technology products that enhance data quality, enterprise-wide integration, business intelligence, patient care and hospital workflows. The Shams Group delivers... "Solutions at Your Fingertips!" Conference delegates are encouraged to visit the TSG booth (#720) or to stop by the **New Product Showcase** to demo the new healthcare IT products and to learn more about working with The Shams Group. Anyone visiting The Shams Group booth and participating in a product demo can (in conjunction with the **Exhibitor Lucky Draw** become eligible for a chance to win a free Apple iPad. Many of TSG healthcare solutions are iPad enabled.

Exhibitor Lucky Draw

The Shams Group is participating in the Exhibitor Lucky Draw where TSG representatives will showcase innovative healthcare solutions to conference delegates. Drop by the booth, learn more about TSG healthcare IT solutions. Delegates can then scan the conference badge to become eligible to win a free Apple iPad.

Product Demonstrations located in New Product Showcase and in Booth #720

The Shams Group will share the below product demonstrations in the New Product Showcase and in booth #720.

- **Credit Card Integration** - An application that runs on a PC system tray seamlessly integrating credit card payment processing directly into your HIS billing and accounts receivables module.
- **Telemedicine and Teleradiology Portal** - The Telemedicine and Teleradiology Portals offer state-of-the-art technology that secures communication between physicians to facilitate the transfer of critical patient information - securely and effectively, worldwide.
- **Business Intelligence Dashboard** - The Shams Group Business Intelligence Dashboard assists in knowledge discovery and allows hospitals to convert data into timely and reliable knowledge through use of reports and dashboards.
- **Patient Kiosk** - Patient Kiosk is a self-service iPad based kiosk. The kiosk allows check-in, information updates, point of service co-payments, deduction payments and will facilitate continued patient registration during downtime and automatically syncs when your system comes back online.

For more details on the above products or for a personal demo, please call 469.586.3317, Ext 346 or visit shamsgroup.com.
