

Promoting Interoperability (PI) Objectives

TSG ONC-ATC B certified solutions and products to support Promoting Interoperability (PI) Objectives are listed below:

TSG Systems Product Stage 2 Certification

Core Objectives	TSG EHR Suite					
	Patient Portal	Interdisciplinary Clinical Documentation Portal (ICDP)	Galaxy	Galactica	ASTRO	MedRec
(2) Record Demographics	●					
(3) Record Vital Signs		●				
(4) Record Smoking Status		●				
(5) Clinical Decision Support						
(6) Patient Ability to Electronically View, Download and Transmit (VDT) Health Information	●					
(7) Protect Electronic Health Information	●	●	●	●	●	●
(8) Clinical Lab – Test Results						
(9) Patients List			●			
(10) Patient-Specific Education Resources	●	●				
(11) Medication Reconciliation						●
(12) Summary of Care	●			●	●	
(13) Immunization Registries					●	
(14) Electronic reportable laboratory results					●	
(15) Syndromic Surveillance Data Submission					●	
(17) Use Secure Electronic Messaging	○					

● = Certified ○ = Yet to be certified

Menu Objectives		TSG EHR Suite					
		Patient Portal	Interdisciplinary Clinical Documentation Portal (ICDP)	Galaxy	Galactica	ASTRO	MedRec
(1)	Advanced directives						
(2)	Electronic Notes						
(3)	Imaging Results						
(4)	Family Health History						
(5)	e-Prescribing (eRx)						
(6)	Lab Results to Ambulatory Providers						

= Certified

= Yet to be certified

TSG Systems Product	Promoting Interoperability (PI) Objectives Being Addressed	ONC-ATCB Certification
Care Coordination 170.314(b)	<p>Core Objective 11</p> <p>Clinical information reconciliation (CIR) 170.314(b)(4)</p> <p>The eligible hospital or CAH who transitions their patient to another setting of care or provider of care, or refers their patient to another provider of care, should provide summary of care record for each transition of care or referral.</p>	<input checked="" type="checkbox"/>
	<p>Core Objective 12</p> <p>Exchange Clinical Info & Summary Record/Electronic copy of health information</p> <p>Capability to exchange clinical information (discharge summary, procedures, problem list, medication list, medication allergies, and diagnostic test results) among disparate health care information systems in industry standard.</p>	<input checked="" type="checkbox"/>
	<p>Menu Set Objective 6</p> <p>Transmission of electronic laboratory tests & values/results to ambulatory providers 170.314(b)(6)</p> <p>Hospital labs send structured electronic clinical lab results to the ordering provider for more than 20% of electronic lab orders received.</p>	<input checked="" type="checkbox"/>
	<p>Menu Objective 5</p> <p>Electronic prescribing (eRx) §170.314(a)(13)</p> <p>Drug-drug & drug-allergy interaction checks</p> <p>Generate and transmit permissible discharge prescriptions electronically (eRx).</p>	<input checked="" type="checkbox"/>

TSG Systems Product	Promoting Interoperability (PI) Objectives Being Addressed	ONC-ATCB Certification Status
<p style="text-align: center;">Clinical Measures 170.314(a)</p>	<p>Core Objective 1:</p> <p>Computerized provider order entry (CPOE) 170.314(a)(1) for medication, laboratory, and radiology orders.</p>	<input checked="" type="checkbox"/>
	<p>Core Objective 2:</p> <p>Demographics 170.314(a)(3)</p> <p>Record the following demographics: preferred language, sex, race, ethnicity, and date of birth for more than 80 percent of patients.</p>	<input checked="" type="checkbox"/>
	<p>Core Objective 3:</p> <p>Vital signs, BMI, growth charts 170.314(a)(4)</p> <p>Record and chart the changed in height, weight, blood pressure and BMI for more that 80 percent of patients.</p>	<input checked="" type="checkbox"/>
	<p>Core Objective 4:</p> <p>Smoking status 170.314(a)(11)</p> <p>Record smoking status for patients 13 years old or older.</p>	<input checked="" type="checkbox"/>
	<p>Core Objective 5:</p> <p>Clinical decision support 170.314(a)(8)</p> <p>Evidence-based decision support interventions.</p>	<input checked="" type="checkbox"/>
	<p>Core Objective 9:</p> <p>Patient Lists 170.314(a)(14)</p> <p>Generate lists of patients by specific conditions to use for quality improvement, reduction of disparities research or outreach.</p>	<input checked="" type="checkbox"/>
	<p>Core Objective 10:</p> <p>Patient-specific education resources 170.314(a)(15)</p> <p>Use CEHRT technology to identify and provide patient-specific educational resources and provide those resources to the patient if appropriate.</p>	<input checked="" type="checkbox"/>
	<p>Menu set Objective 1</p> <p>Advance directives 170.314(a)(17)</p> <p>Record advanced directives for more than 50% of patients 65 years or older.</p>	<input checked="" type="checkbox"/>
	<p>Menu set Objective 1</p> <p>Family health history §170.314(a)(13)</p> <p>Record patient family health history as structured data.</p>
